EXPERIENCE

SOUTH WAKE CAPITAL   **West Palm Beach, FL**
Summer Analyst   *June 2022 – August 2022*
- Singlehandedly built out fund services software for new hedge fund from scratch using React, Node, Express, and a Mongoose Database featuring GAAP compliant financial reporting based on trade feeds from multiple exchanges and expense logs, NAV calculation and reporting, and a partner management system
- Performed extensive market research that included presenting companywide on inflation in the US economy over the next 24 months and how it will affect our middle market healthcare private equity fund, creating several stock pitches, attending weekly macroeconomic meetings, rewatching all 2022 FOMC press releases, analyzing point and figure charts for individual securities, and building multiple web scrapers to value digital assets and obtain financial data
- Contributed substantially to two pitch decks for new hedge fund that has raised $2 Million so far, also oversaw the writing of its Investment Management Agreement and Operating Agreement, communicating with lawyers
- Completed three financial modeling case studies which included putting together working capital, D&A, equity, and debt schedules for three public companies, while becoming proficient in using Excel without the mouse
- Learned the inner workings of variable life insurance as an investment vehicle

ANDOR   **New York, NY**
Strategy Intern   *September 2020 – February 2021*
- Developed an automated point and figure charting tool for technical analysis using Python, features a 3-box reversal method to filter out market noise for any publicly traded company, inspired by Dorsey Wright
- Contributed to a derivatives-focused trading algorithm by experimenting with different options trading strategies and working extensively with the Black-Scholes model, produced above market returns with a five-figure AUM while it was active during the first half of 2021
- Conducted private comps analysis to value and pitch private internet companies for a roll-up merger, accumulating $10 Million in sales under LOI that were later sold to a public company
- Built out several e-commerce websites for a variety of small brands and oversaw advertisement campaigns across Facebook, Google, and TikTok, while creating a lead tracking system with call recording, automated SMS messages, and data storage for multiple phone numbers

CAMP BLESSING TEXAS   **Brenham, TX**
Counselor   *July 2019*
- Volunteered as a counselor at a summer camp for children with special needs in Brenham, TX assisting campers in all aspects of living while ensuring they had the best experience possible
